H_TUNvDMSO − GO:BP
oxidative phosphorylation
aerobic respiration
cellular respiration
proton motive force−driven ATP synthesis
mitochondrial ATP synthesis coupled electron transport
ATP synthesis coupled electron transport
proton motive force−driven mitochondrial ATP synthesis
energy derivation by oxidation of organic compounds
electron transport chain
respiratory electron transport chain
generation of precursor metabolites and energy
aerobic electron transport chain
response to endoplasmic reticulum stress
ATP biosynthetic process
biological_process
purine ribonucleoside triphosphate biosynthetic process
purine nucleoside triphosphate biosynthetic process
cellular process
nucleoside triphosphate biosynthetic process
carbohydrate derivative biosynthetic process
