Int_NUTL − GO:BP
Okazaki fragment processing involved in mitotic DNA replication
DNA replication, Okazaki fragment processing
lagging strand elongation
nuclear DNA replication
mitotic DNA replication
mismatch repair
GPI anchored protein biosynthesis
GPI anchor metabolic process
GPI anchor biosynthetic process
DNA strand elongation involved in DNA replication
DNA strand elongation
base−excision repair, gap−filling
cell cycle DNA replication
base−excision repair
glycolipid biosynthetic process
liposaccharide metabolic process
glycolipid metabolic process
